

# Identifying Mood

*Mood* is the feeling the reader gets from a work of literature. Another way to describe mood is atmosphere. When you walk into a place, it has an atmosphere that makes you feel a certain way; when you “walk into” a text, it too has an atmosphere that makes you feel a certain way. For example, the mood could be *calm*, *creepy*, *romantic*, *gloomy*, or *tense*. Authors create mood through word choice, imagery, dialogue, setting, and plot. The mood can stay the same from the beginning to the end of a text, or it can change.
